Re: Dug Well Abandonment

This letter is to provide you with the necessary information to obtain approval from the Connecticut Department of Consumer Protection (DCP) to abandon your single family residence dug well at you above residence.

Howard Osden and Rich Hurburt of DCP stated that as a homeowner you can apply for the approval to abandon your dug well by submitting a \$5 fee and letter outlining the type of well (including depth, water level and diameter), disinfection procedure, type of material to be used to fill the well, how the well will be filled and that the Ledge Light Health District will oversee abandonment to DCP. Please send the letter and fee to Department of Consumer Protection, Plumbing and Piping Examining Board, 165 Capitol Ave, Hartford, CT 06106. I am enclosing Section 25-128-56 and 24-128-57 of the DCP well drilling code that outlines the necessary definitions and procedure for disinfection, filling and abandoning a well. Please include these procedures in your letter and indicate the LLHD will oversee abandonment. DCP will then review your request and, if approved, will send you an application along with the well completion report for you to complete and submit.
